Day Care

Our doggie daycare offers a fun and social play environment for your pets to get out their energy and exercise all day!

We offer indoor and outdoor play. Our outdoor play is shaded, with misters and kiddie pools. We are able to accommodate any size dog in our spacious play areas. The pets are separated by size and personality. Our daycare has constant supervision with specially designed equipment for our furry friends. Daycare supervisors interact with the animals throughout the day playing, feeding, and giving love to our furry guests

All pets that would like to attend our day care must be social with other pets and have no history of aggression. Owners must fill out a pet personality form to rate your pet's compatibility. Daycare supervisors will assess each pet at time of arrival.

Health and Safety

In order for all of our guests to stay healthy and happy we do require proof of pets being current on all vaccines and Intestinal Parasite Fecal Testing. In Addition, those that would like day care or playtime with other guests must be spayed or neutered. If you have questions, please ask our client coordinators.

If your pet is not up to date on vaccines or an intestinal parasite check, we can schedule you an appointment with one of our doctors in advance prior to your stay.

Amenities

We provide all necessary bedding, food dishes, high quality dry dog or cat food and fresh water while pets are boarding with us. Pet Owners are more than welcome to bring in their pet's favorite foods, treats, blankets and toys to help improve their pets comfort while being away from home.

If a pet is on medication or a special diet, it must be provided by the owner with specific instructions. There is an additional cost of **\$2.50 per medication/per day** to be administered.

Diabetic patients require a veterinary nurse to administer insulin. The cost for insulin injections total **per day is \$9.00.**

Kitties

Cat Condos are located away from our dog guests to ensure a relaxing and quiet stay with us within a large, sound-proof play room.

Large play area is equipped with two climbing posts, as well as a tunnel to accommodate social cats who enjoy a lot of space to roam and play. Cats may stay in their condos during their stay if they like their own space.

Condos are temperature controlled and equipped with comfy blankets and an interactive Cat Web camera to see your pet play and enjoy their stay.
